MILK THIEVES

IT HAS COME TO MY ATTENTION THERE IS STEALING GOING ON, HUMANS ARE TAKING MILK FROM BABY COWS THAT HAVE JUST BEEN BORN.

THIS IS JUST A WARNING IN CASE YOU DIDN'T KNOW, BABY COWS NEED THEIR MUMMY'S MILK TO SURVIVE AND GROW.

THE DAIRY INDUSTRY IS SCARY AND THEY'RE MAKING YOU A THIEF. YOU DON'T NEED TO DRINK COWS BREASTMILK, LET GO OF THIS BELIEF.

NOW INSTEAD OF USING STOLEN MILK ON YOUR CEREAL OR IN YOUR TEA...

CHOOSE A PLANT-BASED OPTION AND LET CALVES STAY WITH THEIR MUMMY.
